

KARINA SINGH

BTech CSE (IoT) Student | Aspiring Software Engineer | AI/ML Enthusiast

CAREER OBJECTIVE

Motivated BTech Computer Science and Engineering (IoT) student interested in software development, Artificial Intelligence, Machine Learning, and IoT. Building practical skills in Java, Python, web development, DSA, and AI/ML while developing real-world projects. Seeking internship opportunities to apply technical knowledge and problem-solving skills.

EDUCATION

Bakhtiyarpur College of Engineering, Bihar — B.Tech, Computer Science & Engineering (IoT) | 2025–2029

Currently in 2nd Year | Class XII: 76.6% | Class X: 86.6%

TECHNICAL SKILLS

Programming	Java, Python, JavaScript, TypeScript
Web	HTML5, CSS3, React.js, Tailwind CSS, Node.js
Database	MySQL, MongoDB, Mongoose, Supabase
AI/ML	AI/ML Fundamentals, Google AI Studio, LLMs, RAG Fundamentals
IoT	ESP32, IoT Sensor Integration, Embedded Systems
Tools	Git, GitHub, VS Code, Chrome Extension API

PROJECTS

AI-Powered Email Threat Detection & Forensic Intelligence Platform

- Explored AI-based suspicious and malicious email detection.
- Worked with SPF, DKIM, and DMARC concepts for email authentication.
- Explored threat detection, geolocation, and digital forensic intelligence.

Gamified Workout & Fitness Analyzer

- Designed workout levels, rewards, streaks, and progress tracking.
- Explored AI-based camera/video analysis for workout form detection.
- Planned backend architecture using Node.js, Express.js, and MongoDB.

IoT-Based Sensor Projects

- Worked with ESP32 and IoT sensor integration.
- Explored sensor-based movement and fatigue detection concepts.

EXPERIENCE

Technology / AI Internship — [Company/Organization Name] | [Dates]

- Gained practical exposure to professional technology workflows and assigned project tasks.
- Applied programming, research, and problem-solving skills in a real-world environment.
- Collaborated with team members and strengthened technical and communication skills.

CERTIFICATIONS & ACTIVITIES

- Google AI / AI-related learning programs and Google Skills Badges.
- Participated in college-level hackathon activities and Smart India Hackathon (SIH) preparation.
- Currently learning AI/ML, Java, DSA, web development, and software engineering.

SOFT SKILLS

Problem Solving • Teamwork • Communication • Adaptability • Research • Continuous Learning
